INTERNATIONAL MODEL RAILWAY EXHIBITION

INTERNATIONALE MODELLEISENBAHN AUSSTELLUNG

EXPOSITION INTERNATIONALE DE MODÈLES RÉDUITS DE TRAIN

To : Eurospoor deelnemers

Date : november 2018

RE : Future Eurospoor events

Dear Eurospoor Enthusiasts,

This year is the 26th consecutive year that we have organised Eurospoor. Basically, including preparations, we have been working on this for 28 years (since 1991). After 28 years of hard work, we need a year to reorient, reorganise and streamline in order to get things even better on track. Therefore, after long deliberation, we have decided not to organise Eurospoor in 2019 (next year). We realise that we are disappointing many with this, but we have made this decision because we are convinced that it will be beneficial in the future.

We are grateful to all of you (participants, visitors and employees) for giving us the opportunity to successfully organise Eurospoor for the past 26 years in succession. We are mindful of this, and it gives us the strength to make the event even better, with your involvement, in the future! For 2020, we will again make grateful use of the valued commitment and involvement of the Jaarbeurs organisation, which is always there to advise and assist us.

From 2020 (27th edition), we will continue to organise Eurospoor as a leading International Modelspoor Event in the Jaarbeurs Convention Centre in Utrecht (NL) with fresh courage and just as much pleasure.

Eurospoor2018, visit or participate!

Those who do not want to wait two years will have the opportunity to visit, or even participate, in Eurospoor2018. Because, naturally, 2018 is going to take place, that's just around the corner! 9 to 11 November 2018. It is definitely worth a visit!

A brief word and for the sake of completeness:

2018: EUROSPOOR2018 will take place from 9 to 11 November 2018 at the Jaarbeurs, and we would like to welcome you.

2019: In 2019 there will be **no** EUROSPOOR

2020: However, in November 2020 we will be back with the 27th edition. By April 2019, at the latest, we will give you the exact date for EUROSPOOR2020.

Apart from skipping Eurospoor for one year, nothing else will change! Our local fairs in Joure and Koog a/d Zaan will continue to take place in 2019, as well as the publication of an issue of our model railway magazine 'Eurospoor Express Magazine'. This will also be published twice in 2019.

Keep an eye on us through the well-known channels and, of course, you will continue to hear from us. If you have any questions, we will be happy to help.

Kind regards,

EUROSPOOR
Leo en Chitra
